The Sunnyland antique boat festival committee has several key committee positions that are open, and replacements are necessary to continue running the show.

The success of our boat festival is directly related to the volunteers. For the past 30 years that I have been the show chairman, we have always had enough members to fill the openings. Unfortunately, these positions have become difficult to fill because of our aging and decline in membership.

The Sunnyland chapter's annual boat show has become a benchmark for ACBS and our show is known worldwide. It's a bigger than normal show and has become a festival similar to a college or high school reunion. People travel from everywhere to meet and greet old friends. In order to continue this tradition, it is imperative that the Sunnyland chapter membership or ACBS members step up and fill these positions.

Currently we have 38 different committees that make up the core of the show. Each committee has a lead person and an area of responsibility. It's like being part of a big machine. Each committee is like a gear and when we are all working together it's like a fine oiled machine. We have 100% support from the city, and we have everything we need to run and operate the show.

The majority of the work in all these positions occurs from January to March. It is not hard work, it's simply getting involved and making sure your committee is fully functional and part of the team effort. We make the show happen and we actually have a lot of fun doing it!

If you're interested in joining this great team or would like to discuss the committee's responsibilities, in detail feel free to call me at 407-493-6487.

One hour or more free time at the show [just click here to volunteer](#)

Thanks,
Terry Fiest
Show Chairman

Howard Wanamaker
Show co Chairman

Bellow is the current list of chairperson positions for 2026, call any one of them to learn more, ...
Or let them know you want to help them.
